

JULY 2024

SIMON'S INSIGHTS.....

Hello everyone, I hope this newsletter finds you well.

As you can imagine the summer days are keeping us busy here on the care farm with predictable and not so predictable iobs. Firstly, the predictable work has been the shearing which besides Kingsley and Ali in the Rams pen is nearly complete. This is my second year shearing the flock and I have to admit it has been some of the most challenging work I have ever done. Certainly not the prettiest haircuts we've seen on a sheep, but I managed to learn more about mechanical and blade shearing

that I can carry through to next year's shearing.

For the unpredictable jobs, we've welcomed two new baby lambs to the farm. One of these surprise lambs was a Magpie Poll Dorset which is quite rare! As some of you may have noticed over the years, we have only one other sheep like this which is 'Magpie' on Front Field. As my other half has pointed out this new magpie lamb looks like a dairy cow, so if we were to name her, we would need to think of dairy cow names so please send us your suggestions.

In memory of Ed Knight

It saddens me to be telling you, some of you may know, our amazing volunteer and supporter Ed Knight has passed away. Ed was an amazing man who had supported RR for many years and was a friend of the family. Some of you may remember our bicycle chariot event which Ed helped organise and build the bicycle chariots. He had an amazing impact on fundraising for RR and brought an energy unlike anyone else. We will miss him dearly.

Ed helped us organise one last event which is a bike ride event mentioned in the newsletter. If you would like to support this event, please do and maybe we can share some memories of Fd.

At The Countess of Warwich Show

The amazing 4 up bike that Ed and his brother built

Ed rode his Penny Farthing bike, which he built himself, on many charity and fun rides.

Dear Ed, you are going to be very much missed

The beautiful Horse Chestnut flowers, and a welcome sight for bees and other nectar seekers

Great Crested Newt in the wrong place!

Great Crested Newt in the right place...outside near the pond

Flock waiting for their fleece trim!

Ah, that's better. I will not get so hot now!

Saturday Farm Club discovered these catapillar's whilst moving and watering pots of plants. They were quite hidden until we looked close. These are Large white butterfly caterpillar. We look forward to seeing them flying about soon.

Someone has found a 4 leaf clover!
This is the second one found at Sallet's!
Sadly never by me . All our lovely
grass clover areas, if you have the
time? ...

Ah that's where it ended up! Perfect

An early morning walk showed this strange scene? I know this as "Cuckoo spit".

It is caused by froghopper or spittlebug nymphs.

More evidence of wildlife as you walk. I think it's a Kestrel feather? Maybe flying and catching earlier?

With the rain recently we can see that we are not the only travellers on our footpaths. We have many Mount jack deer, and you can see some tracks quite clearly. Sallet's land has lots of excellent habitat for wildlife.

We have another new Blue Bell. There is a large wood on our neighbours farm, called Blue Bell wood. I think we are getting these lovely native flowers from seeds being transferred by birds? We will hope for more.

Warm wet weather during the spring encouraged the more traditional Autumn signs of fungi interestingly?

WE HOPE YOU'VE ENJOYED LOOKING AT OUR PHOTO JOURNAL WE'VE CERTAINLY ENJOYED TAKING THE PICTURES.

IF YOU HAVE ANY PICTURES YOU WOULD LIKE US TO INCLUDE THAT YOU'VE TAKEN ON YOUR VISITS TO US WE'D BE VERY HAPPY TO PUBLISH THEM.

SEND THEM TO julie@rainbowrural.co.uk
